Afterword

普段気にも留めない風景やNPCにスポットライトを当ててみると、そうすることで新たな発見やドラマに出会えるかもしれない。

今回のテーマの主役はいわば『名もなきモノたち』だ。

多くのプレイヤーが素通りしてしまう何気ない瞬間や光景を、いかにドラマチックに収めるか…

たくさんのVirtualPhotographerが投稿してくれた中から、ごく一部ではあるがマガジンとして纏めさせてもらった。画質についてやデザイン面など至らぬ点も多々あったと思うが、一人でも多くの方にVirtualPhotographyの魅力が伝わっていたら幸いである。

You may discover something new by shining a spotlight on landscapes and people you don't usually pay attention to.

The star of this magazine's theme is 『something without a name』

The theme of this magazine is the unnamed, and it's all about how to dramatically capture the ordinary moments and scenes that most players pass by.

I have compiled some of the photos submitted by many photographers into this magazine.

There were a few shortcomings in the quality and design, but we hope that the appeal of photography has been conveyed to as many people as possible.thank you.
